HAVE NOT RESIGNED.

When Chandler received the appointment of Secretary of the Interior, it was believed a family quarrel would break out in the cabinet; but neither B. H. Bristow, Marshall Jewell, nor Edward Pierpont have resigned. Therefore, Jack can be considered one of the cabinet ornaments.

NO PRECEDENT.
The case of Marshall Crain is said to be without a precedent in the history of trials. When he acknowledged to having committed the crime he was certainly impelled to the confession through a desire to escape the death sentence, as no judge before, upon whom rested the power of fixing punishment, ever inflicted the severest penalty. It certainly required strong moral force in Judge Crawford, in the face of precedent, to step aside from the beaten path and deal with Crain in a manner commensurate with his cool and terrible crimes.

NOT DEAD.
The Rev. Hoffman's trials are not ended. It proved an unfortunate day for Hoffman when he attacked Prentiss, the doughty general. Although the reverend gentleman was entrenched behind an ecclesiastical wall, supported on the flanks by fanatical parishioners, he did not escape. The officers of the army, of a serious character, and who looked into by an ecclesiastical council composed of Revs. M. D. Hawes, of Springfield; W. N. McElroy, of Champaign; Robert Clark, of Winchester; George Stevens, of Jacksonville; J. A. Kuntler, of Saybrook; J. T. Orr, of Hillsboro, and Curtis Powell, of Chatham. The trial is set for the 9th of November, and will be presided over by Elder J. P. Dimmitt. Rev. Peter Wallace and others will conduct the prosecution, and Rev. Dr. Davies, of the Mattoon district, has been retained for the defense, and it is said, is to be assisted by Hon. Charles B. Steele, of Charleston.

LITTLE'S LIVING AGE.
The numbers of the Living Age, bearing date Oct. 23d and 30th, contain The Physiological Influence of Alcohol, Edinburgh Review; The History of a Pavement, Fortnightly Review; Elegies, Blackwood; The American Heroine, Macmillan; Clever People, Liberal Review; Robert Herrick, Cornhill; Strafford, Temple Bar; Russian Nihilism, Saturday Review; The Scapito, a Tale of Married Life, Cornhill; entanglements of "Her Dearest Foe" by the author of "The Woe of O," and of "The Dilemma," a remarkably powerful story of East Indian life; the usual choice poetry, etc. With fifty-two numbers, of sixty-four large pages each, (aggregating over 3,000 pages a year) the subscription price (\$8) is low; or still better, for \$10.50 any one of the American \$4 monthlies or weeklies is sent with the Living Age for a year, both post-paid. A TRUE WIFE.
It is estimated that \$1,600,000 of the ill-gotten dollars of Boss Tweed have gone into the hands of lawyers. The great misfortune now to the old and persecuted fellow is that he is supposed to be fabulously wealthy, and a desire to bleed him to the last dollar is mistaken by the outside world for honest zeal on the part of the New York authorities to punish a criminal and satisfy the cravings of justice. In the old man's troubles a faithful wife remains true to him. It is the same woman who married the obscure and honest charmer, and who is the mother of his children. Through Tweed's humble days, when he worked with diligence at his trade, she proved a true and noble wife; when he became an alderman, and on up to the positions of lawyer, Congressman, commissioner of parks, buildings and stocks, State senator, and the autocrat, she was the same constant wife; when his dark deeds overwhelmed him and sent him to a penitentiary for ten years, she became true and more constant. Now Tweed, stripped of all his honors, wealth, and broken in health, is in Ludlow street jail, and his faithful wife is working, with a heart full of fears, to give to her criminal husband the sweets of liberty.

CITY COUNCIL.

Adjourned Meeting Theretof.

COUNCIL CHAMBER,
CAIRO, ILL., Oct. 28, 1875.

Present: His Honor Mayor Winter and Aldermen Halliday, Nellis, Patter, Rittenhouse, Saup, Thistlewood, Wright and Yocum—8.

On motion of Alderman Halliday, the consideration of the revised ordinances was deferred to next meeting.
The Levee Committee made the following report, which, on motion of Alderman Thistlewood was received and ordered filed:

REPORT OF LEVEE COMMITTEE.
Your committee beg leave to report that they have conferred both with Col. Taylor of the Property Co. and Messrs. Cando and Seals of the Cairo & St. Louis railroad company. The Colonel informs us that there is no existing obligation, by which the Property Co. are to protect the levees, and that while the company is willing to co-operate either with the city or individuals in repairing or rebuilding the levees, they do not propose to undertake the present required work alone. Messrs. Cando and Seals say, regarding the contract between the R. R. Co. and Property Co., that they never proposed or expected to contend against the wash of the river and consequent caving of its banks, that they only agreed to protect the levee from general waste and wear and wash from surface water. They gave to your committee two written propositions, both of which we submit together with this report. As the only sure means of speedy protection, we would recommend that the Council take immediate steps towards having erected a good and substantial levee, of such length and in such location, as will protect beyond doubt all present and threatened breaks in the present Mississippi levee.

**W. P. WRIGHT,
WOOD RITTENHOUSE,
Geo. YOCUM,
C. F. NELLIS,
Committee on Levees.**

FIRST PROPOSITION.
The Cairo & St. Louis railroad company will give to the city of Cairo or to the Cairo City Land company, as may be desired, the sum of \$3,000, to be expended in the construction of a new cross levee, the same to be occupied by the railroad company when constructed, for track purposes. Said company will agree to keep the said levee in good repair, except from a cutting away of the foundation upon which it shall be constructed. The new levee to be constructed a suitable distance from the old one to afford a reasonable probability of protection until such time as the government shall be induced to act in the premises.

SECOND PROPOSITION.
If the city will extend Cedar street, or any other convenient one, to the crossing at a convenient point for the railroad company to connect, and give the railroad company the right to lay its track on it, the railroad company will grade the street, and in addition give the \$3,000 to be expended on the levee.
Alderman Halliday offered the following resolution:
Resolved, That the Committee on Levees be and they are hereby instructed to report to this Council at the earliest practicable moment the most feasible plan for the construction, by the city, of an additional protective embankment on the Mississippi river side of the city, to be so located and constructed as will in-

sure to our people entire protection from overflow in case the old embankment is not restored, and for additional security of restored, together with the probable cost of the construction of such embankment.
Alderman Nellis offered an amendment to Alderman Halliday's resolution, to strike out the words "on the Mississippi river side of the city," which was adopted by the following vote:
Ayes—Nellis, Patter, Saup and Yocum—4.
Nays—Halliday, Rittenhouse, Thistlewood and Wright—4.

There being a tie vote the mayor voted in the affirmative.
Vote was then taken on the resolution as amended.
Ayes—Halliday, Nellis, Patter, Rittenhouse, Saup, Thistlewood, Wright and Yocum—8.
Nays—0.

Alderman Saup offered the following resolution:
WHEREAS, The site of the city of Cairo was laid out by the owners of the Cairo City Property company into streets, lots and blocks, with a proposed levee surrounding the site of said city, to be built by the said Cairo City Property company, of eighty feet upon the top, with a slope of one foot in five on the outside of said levee; and,
WHEREAS, The said Cairo City Property company published to the world and purchasers of property in said city, that they had contracted with the Illinois Central Railroad Co. for the construction of said levee; and, that the said Cairo City Property company had contracted that when said levee was built, that they would protect such levee from the wear and abrasion of the Ohio and Mississippi rivers, thereby making the property of said city secure from overflow from said rivers.

WHEREAS, Upon the faith of the inducements so held out, large purchases of property have been made in said city from said Cairo City Property company amounting to more than \$1,000,000, and improvements made thereon to not less than \$300,000; and that improvements have been made by said city to more than \$1,000,000 more; and,
WHEREAS, Said levee have not been built, and whereas by subsequent contracts and agreements the Illinois Central Railroad has been released from the building of said levee, as originally designed, and for a consideration received in lands and money by the said Cairo City Property company; and,
WHEREAS, A pretended contract has been made by the said Cairo City Property company with the Cairo and St. Louis railroad company for the protection of such levee as have been built around said city; and,
WHEREAS, The levee on the Mississippi side of said city has been washed away by the current of said Mississippi river, and all the property of said city exposed to danger from overflow; and,
WHEREAS, The said Cairo & St. Louis railroad company is a new, weak and bankrupt corporation, and unable to protect the site of said city, no difference how willing they may be to do so; and,
WHEREAS, It becomes the imperative duty of the city of Cairo and the property holders therein to protect themselves and their property from the threatened danger; therefore,

Resolved, That a committee of three, together with the mayor of this city, be appointed to select one of the cross streets of this city not below Twenty-second street, nor above Twenty-eighth street, and cause an estimate to be made of the probable cost of filling such cross street to a grade with the Ohio and Mississippi levees and report the same to this Council for its consideration.
Resolved, That in case the street selected shall not extend to the Mississippi levee, steps be taken to extend such street to an intersection with the Mississippi levee, by condemnation or otherwise.

Alderman Nellis moved to amend by inserting "Levee Committee." Carried.
Alderman Nellis moved to insert "not above Thirty-fourth street."

Alderman Halliday moved to strike out the word "pretended" in Alderman Saup's resolution. Carried.
Alderman Halliday moved to strike out the word "bankrupt" in said resolution. Carried.

Alderman Patter moved to extend to Forty-second street.
Alderman Thistlewood moved to strike out all words in reference to cross streets. Carried.

Vote was then taken on the resolution as amended:
Ayes—Nellis, Patter, Rittenhouse, Saup, Thistlewood, Wright and Yocum—7. Resolution adopted.
Alderman Halliday was excused from voting.
Alderman Wright moved the Finance Committee consult with some law firm relative to the right of the city to incur further indebtedness. Adopted by the following vote:
Ayes—Halliday, Nellis, Patter, Rittenhouse, Saup, Thistlewood, Wright and Yocum—8.
Nays—0.

Mr. Seals the attorney of the Cairo & St. Louis railroad being present, Alderman Wright moved he be invited to make any remarks he might wish relative to the levees, further than the proposition offered by his company. Mr. Seals said he believed he had nothing further to say, but that the Cairo & St. Louis railroad company was ready at any time to co-operate with the citizens of Cairo or the Cairo City Property company towards repairing the levee.
On motion of Alderman Patter Council adjourned to meet Monday evening Nov. 1st, 1875.

WM. F. ALEY, City Clerk.

A Gang of Horse-Thieves Discovered and Several Arrested.

[Special Dispatch to the Globe-Democrat.]
Des Moines, Ia., October 29.—For some time it has been certain that a well-organized gang of horse-thieves and plunderers existed in this State, and that there was communication with Missouri, Kansas and Minnesota. Recently depredations have become frequent and daring. Headquarters, it was ascertained, were along through Lucas, Wayne, Warren, Polk, Boone, Hardin, and other counties in this State. A few days since a woman was arrested for some crime, and it was strongly suspected she was in some way connected with a gang of thieves. During the examination a young man named Pomeroy, who had also been arrested, attempted to secretly convey a letter to the woman. The act was discovered and an effort was made to procure it, but the woman tore it into fragments and threw it away. They were gathered up and pasted together, when were disclosed the names of several of a gang of thieves. They were promptly arrested, and one of them, Schuyler Hawley, of Ackley, "squealed," disclosing the names of nearly a dozen more, scattered all through the State to the Minnesota line. Reed, the leader, escaped, he having stolen some horses, and was pursued by a posse of citizens, on the day the disclosures were made, at Iowa Falls. Three were caught in Hardin county, having in their possession five horses taken from Hamilton county. They also had harness, saddles and other plunder which belonged to parties in the Southern part of the State. It was a most formidable and expert gang, who have stolen property to the value of hundreds of thousands of dollars. They had agencies established to sell their plunder, after changing, so as not to be identified.

OBSCENE MAIL MATTER.
A case was before the United States Circuit Court, at the present term, Judge Dillion on the bench, in which the plaintiff brought up for sending through the mails postcards containing vile and opprobrious epithets against another man, designed to injure his reputation. The court decided that such an act was not a punishable offense, and that it was the duty of the postmaster receiving such cards to destroy them.

RAILROAD LITIGATION.
Railroads in Iowa have no rights which juries are bound to respect. In Boone Circuit Court at the present term was a case in point. In June last J. M. Wischart got on a freight train without a ticket. The conductor put him off, in accordance with a rule of the road, which is the same on all Iowa roads that passengers must procure tickets before getting on a freight train, or the conductor will put them off. This rule is posted in all ticket offices. Wischart sued the company for damages. The court instructed the jury that the company had the right to make the rule, and the conductor was to eject the passenger, using only such force as was necessary to do so if the passenger resisted. The only question was the plaintiff injured in his removal? Of course the jury thought he was, and gave him twenty-five dollars, although he walked off the train. This is the first case under this rule of roads.

For the Month of October.
During the fever season of last month, the stock of Ayer's Sore Cure in the Old North State became exhausted, and before a supply could be received from the well, the suffering from chills and fever became fearful. A few parties were so fortunate as to have it on hand, and in Ireland county, the drugstore, eked out their slender stores by selling doses—a spoonful each—for a dollar. Many paid ten dollars for a bottle, when the regular price is but one, and thought themselves favored at that, so valuable are the curative properties of this preparation, with not only expelling the poison from the system, but leaves the patient with unimpaired health and vigor.—Raleigh (N. C.) Standard.

Yellow Jack.
WASHINGTON, D. C. October 29.—A report received by the Secretary of War from Assistant Surgeon-General B. Hubbard, Medical Director of the Department of the Gulf, dated New Orleans, October 23, announces that the progress of yellow fever in that city up to the 23d, according to information had from the Board of Health, was as follows: Number of cases, 84; number of deaths, 46. There had been no frost.
